

Sonoma Ballet Conservatory's  
7th Annual Summer Dance Workshop

July 5 - August 5, 2011

*Performing at the Sebastiani Theatre on Saturday, August 6th*

Sonoma Ballet Conservatory is thrilled to once again offer this unique opportunity for dancers of the Sonoma Valley and beyond! Always a rich and diverse experience, our Summer Dance Workshop is modeled after the summer programs at professional ballet companies and provides dancers the freedom to explore dance movements and the music associated with the forms of Character, Jazz, Modern, and Flamenco, coupled with continuing studies in Classical Ballet. Many dancers are often pleasantly surprised as their technique improves by leaps and bounds while attending our workshop!

However, our Summer Dance Workshop isn't just for the serious dancer; it's for anyone who loves to dance and desires to learn something new while having lots of fun! The Summer Dance Workshop offers a variety of classes for boys and girls, ages 3 and up, so we're sure all dancers will find something to suit. And, after five weeks of immersion in the dance-forms of their choice, dancers will have the opportunity to showcase for family & friends the results of their workshop training during performances scheduled for August 6, 2011, at the Sebastiani Theatre. It's a show not to be missed!

At our website: [www.sonomaballet.com](http://www.sonomaballet.com), interested dancers can view the complete Summer Dance Workshop schedule (also attached), download a registration form, and find a comprehensive list of class descriptions and short biographies of our distinguished staff. Or, please contact studio staff soon and pick up your registration form today! Also, Financial Assistance is available through a limited number of scholarships and/or contracts for work-study. To apply, please contact the Studio Manager, Laura Lee Cole.

*Come leap ahead this summer with Sonoma Ballet Conservatory!*
